Dear residents of the low-rise building,

The installer JDU will carry out a repair on the hot water system of number 246 on February 7, 2025.

This means that residents of house numbers 128-142-156-170-184-198-212-226-240 may not be able to use hot water during the work between 10:00 AM and 1:00 PM.

Yours sincerely,
