

Survey House Heating Belvederebos 1-246

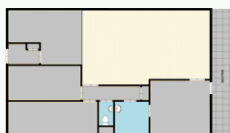

Dear Resident,

As announced in the April 2021 newsletter, the VvE board wants to take the complaints about the heating seriously. Not every resident experiences the same complaints when it comes to convectors, which is why we want to use this survey form to clarify which problems occur per home. We therefore kindly ask you to tick the answers per room. The form can also be found at www.vvebelvederebos.nl. You can return the completed form to the caretaker's letterbox or send an email to info@vvebelvederebos.nl
