

Bestuur van Vereniging van Eigenaren Belvédèrebos
p/a Belvédèrebos 6
2715 VA ZOETERMEER

Zoetermeer, september 9 2022

Dear Sir / Madam,

On behalf of the board and the VZB Real Estate, we would like to draw your attention to the following;

unfortunately, contrary to what has been communicated to us, the roof fans will not be put into operation by Ventius today due to unforeseen circumstances at a different location. Today, the electrical installation has been adapted by an external electrical company, but cannot be commissioned by them as a subcontractor. The board and the VvE administrator have tried everything to get the systems started before the weekend. Unfortunately, it turned out that the installer did not see an option for this.

The Ventius company has promised us that they will put the fans into operation next Monday September 12th. We will therefore monitor this closely.

We regret this state of affairs and in particular the communication about this. Unfortunately, we cannot change this situation at the moment.

Trusting to have informed you sufficiently.

Sincerely,

On behalf of VvE Belvédèrebos 1 to 246 in Zoetermeer

VZB Real Estate
